

Harmony Horse Stables, LLC

Safety Rules

Please be aware that the following rules have been established by Harmony Horse Stables, LLC to provide a safe environment for students, parents, visitors, staff, and horses. Anyone not following these rules may be asked to leave the barn area.

- ★ We love having visitors! However, please only enter the barn area when a staff member is present.
- ★ Any child must have a parent or adult present on the property that takes responsibility for the child's welfare.

- ★ Any child under the age of 5 must be accompanied by an adult at all times.

- ★ Children are only allowed in the barn when tacking up for a lesson or untacking afterward. Children must be supervised by a staff member at all times when in the barn.

- ★ Only staff and borders are allowed in the paddock areas.

- ★ No dogs or pets allowed on the premises.

- ★ There is no smoking in or around the barn or riding areas.

- ★ While many of our horses are friendly, some of them like to keep to themselves. So please keep your hands to yourselves.

- ★ Our horses appreciate treats, but too many can spoil them. Please ask a staff member before giving any treats and put any treats in feed tubs.

- ★ All visitors must wear protective foot gear (like boots) when in the barn. Sandals and dress shoes do not give feet enough protection.

- ★ Please discard gum before riding or working around the horses.

- ★ Please keep strollers and umbrellas out of the barn area.
